CIBSE Journal by Simply Marcomms - Issuu

The equations and procedures used to calculate the psychrometric properties of air-water vapour mixtures in the current CIBSE Guide are reviewed. The psychrometric data determined in this way are considered in the light of recent work on the subject and compared with similar psychrometric properties published in the ASHRAE Handbook: Fundamentals (1989).

A review of CIBSE psychrometry - W.P. Jones, 1994
